EDUCATIONAL BACKGROUND

Bachelor in Computer Application

St Aloysius Autonomous | 2019-2022

PROFESSIONAL SUMMARY

Full Stack Engineer with **2 years of experience** in developing business applications using Angular, ExpressJS, and Node.js. Demonstrated expertise in optimizing API performance and enhancing user experience. Adept at leading module developments, managing projects, and collaborating with cross-functional teams to deliver scalable and robust software solutions.

PROFESSIONAL EXPERIENCE

Software Engineer L1

Pace Wisdom Solution | June 2022- Present

- Achieved 60% growth for a Credit-based application using Angular and ExpressJs.
- Led Health module development, improving API performance by 80%.
- Developed and deployed independent features for a health-based startup.
- Designed 100% responsive web applications using Material, SCSS, and Bootstrap.
- Enhanced user experience with efficient algorithms, improving load times.

PROJECTS

Full-Stack Engineer (Angular, Express Js, Sql, Postgresql)

Heaps.ai | Pace Wisdom Solution

- Optimized backend code for enhanced data security and implemented robust SQL queries.
- Automated WhatsApp text notifications using cronjob tasks for 1000+ real time users.
- Utilized Angular for front-end development and Node.js for backend enhancements, improving system efficiency and responsiveness.
- Engineered independent module for Improving Api performance by 80%.

Front-End Engineer (Angular, Material Ui, Bootstrap, Rxjs)

Pangaeax | Pace Wisdom Solution

- Designed responsive layout to ensure device compatibility based on client requirements.
- Oversaw client requirement and developed standardized front-end using Angular shaped to increase in front-end performance by 70%.
- Utilized Angular libraries for efficient API communication and data retrieval. Customized api calls, which influenced in speed of application by 60%.

Front-End Engineer (Angular, Material Ui, Bootstrap, Rxjs)

Samhita | Pace Wisdom Solution

- Developed independent feature modules named Credit Guarantee and Pre-Credit Score.
- Demonstrated project management and leadership skills. Mentored and coordinated with engineers in building modules, forming increase in efficiency by 50%.
